## **DETAILED ACTION**

### ***Response to Amendment***

The amendment dated 12/1/2006 cancels all previously rejected claims. Claim 1-6 were previously indicated as allowable and are the only pending claims in this case.

### ***Allowable Subject Matter***

1. Claims 1-6 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. While US Patent No. 5,581,483 to Thompson et al as used in the previous rejection of claims 7-17 shows a shotblasting method similar to the current invention where dent area and depth are calculated based on parameters of the process, neither this reference taken alone or in combination with the prior art of record disclose the series of equations for specific calculations as shown in claims 1-6. It is these equations for simulating a dent drawing by a computer, in combination with the remaining elements and features of the invention, that the applicant's invention defines over the prior art of record.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
